Adams Lake

South Reservoir

Cross Lake

Point Rock Cr.

Where state, county, and/or MCD/CCD boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

A ' ' following an MCD name denotes a false MCD. A ' ' following a place name indicates that a false MCD exists with the same name and FIPS code as the place; the false MCD label is not shown.

2 Place label color correlates to the place fill color.

Journal Pre-proof

The figure consists of two maps side-by-side. The left map, titled "Location of County within State", shows a grid of 17 counties. One county, located in the upper-middle part of the grid, is highlighted in orange. The right map, titled "Sheet Location within Entity", shows a large yellow rectangle representing the state. A small blue rectangle is located in the top-left corner of the yellow rectangle, representing the county's location within the state's sheet grid.

The plotted map scale is 1:41000
